

About the Conference

Research confirms summer as one of the most inequitable times of the year for millions of young people in America and this year's theme, *We've Got the Power!*, captures the critical work underway to change that.

We've Got the Power! calls upon our collective will and the leadership of legions of educators, community members and corporate leaders to step up, speak out and stand in the gap for our nation's children. We can't wait to see you at Summer Changes Everything™!

At this year's conference, you'll have the opportunity to join workshops focused on four strands:

- Effective Learning Approaches
- Systems Building
- Program Planning
- Policy & Advocacy

Registration is now open! Reserve your spot by August 15 and save \$50!

Pre-conference (Monday, October 23) registration will be available soon.
