If mutually agreeable, the Co-Op reserves the right to renew the contract for two (2) additional one-year periods not to exceed three (3) years. The Distributor's request to increase the current rate schedule will be evaluated and considered when such adjustments are requested. The Co-Op reserves the right to reject any such request and re-bid and/or terminate said contract within the provisions of the existing agreement. It is understood that increases in the manufacturer's and/or processors landed costs to the Distributor are out of the control of the Distributor. Those price adjustments may be accepted or rejected by the Co-Op. Increases in the percentage markup price(s) in this RFP may not exceed the increase in the Consumer Price Index Urban pertaining to the Imperial Valley region or price increases verified by labor rate increases justified by increases in labor contracts or State of California Department of Industrial Relations prevailing wage rates.

Additional costs accrued by the member agencies through this purchase may be deducted from unpaid invoices or must be paid to the agencies by the successful Distributor. Prices paid by the agencies shall be considered the prevailing market prices at the time such purchase is made.

TERMINATION WITHOUT CAUSE

This contract may be terminated by either party upon giving thirty (30) days advance written notice of an intention to terminate. If termination is without cause, the Co-Op will pay the Distributor for services completed up to the termination date.

No increase to the price will be allowed sooner than 180 calendar days from the date of RFP award, including thirty (30) calendar day advance written notice. Any change to the price shall be subject to mutual agreement by both parties.

In the event of a decline in price, the successful Distributor is to give the Co-Op the immediate advantage of such a decrease and inform the Co-Op of the decrease. All orders placed under this agreement shall be delivered and invoiced at the Agreement price prevailing at the time the order is placed, regardless of the actual delivery date.
